Subject: Microsoft settlement

Dear Department of Justice:

I would like to provide positive feedback on the proposed settlement of the case vs. Microsoft Corporation. I do believe that the Department and Microsoft have found a wide reaching and fair settlement to the Department's allegations against Microsoft Corporation. I believe that it is sufficiently wide reaching regarding product development and business practices, while keeping flexibility for the company to continue to innovate and meet customer needs in the future while continuing to drive America's leadership in the highly competitive global technology business.

Sincerely,

Jeffry Donosky
